### (1) OFIX Programme Report

#### Korea-Japan High School Students Exchange Programme

From the 31<sup>st</sup> May~3<sup>rd</sup> June we welcomed 10 high school students from Busan in Korea to take part in this exchange programme.

Welcome Ceremony at Kansai Airport

The programme was organized to commemorate the start of flights from Busan (Korea) to Kansai International Airport (Osaka) this programme was held in conjunction with Air Busan, Kansai

International Airport, Osaka Convention & Tourist Bureau. Accompanying the students were two of their teachers, as well as two journalists from newspapers in Busan. The party numbered 15 in total.

Activities during the first full day of the programme

included an origami lesson led by OFIX volunteers, and a welcome reception attended by the Consul General of the Republic of Korea in Osaka, the Director of International

Welcome Reception

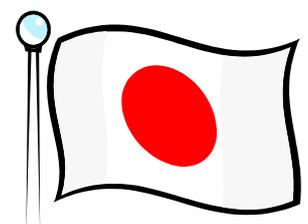

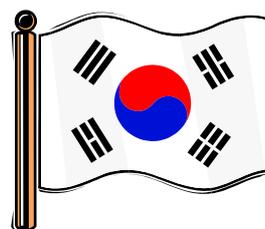

Exchange for Osaka Prefecture, and the host families. After the reception the students went off to their respective host families homes, where they stayed overnight and experienced Japanese culture and home life. During the afternoon of the third day the students visited Osaka City Higashi High School, where they took part in English lessons with the Japanese students, and had fun at the school tea ceremony club.

During the last day of the programme the students

visited Osaka Castle where they went right to the top, and had a great time trying on traditional hats and costumes. After this the group had

lunch at the top of the WTC Cosmo Tower, the tallest building in western Japan, and visited the Osaka Aquarium. It was then time to head back to Korea, but everyone seemed to have had a lovely time in Osaka, expressing wishes to come back to Osaka either to study or for a holiday in the future. Through this programme we hope that we were able to contribute to mutual understanding and exchange between young Korean and Japanese students, and hope to hold similar events to this in the future.

## (3) Osaka Information Service for Foreign Residents

### Essentials for Living in Osaka Updated

The Essentials for Living in Osaka guide is available online in 10 different languages such as Thai, Vietnamese, Filipino, Indonesian, and Japanese (with kana written alongside the Chinese characters). It offers information such as concerning emergency procedures when typhoons or earthquakes hit, information about libraries with foreign language books, procedures after childbirth and so on, all with the aim of making life for foreign residents in Osaka as trouble free as possible.

The guide has recently been updated, and is available on the OFIX website for viewing.

It can also be easily downloaded and printed. A new FAQ section can also be found on the same site, in

English, Chinese, Korean, Portuguese, and Spanish. Included in this FAQ is information about important issues for foreign residents such as residential status, marriage, nationality, and labour issues. Please click on the link below to access the information.

## (4) OFIX Network

### The British Council

The British Council is the United Kingdom's international organisation for educational opportunities and cultural relations and is active in over 100 countries around the world. It was established in 1934, and celebrated its 75<sup>th</sup> anniversary in 2009. Since opening its first office in Japan in 1953, the British Council has acted as a bridge between Japan and the UK in a great variety of areas such as English language, environment, science, education, and the arts.

Workshop at Kamagasaki, Osaka

Last year saw a vast array of activities in the Kansai area. As part of our arts programme we welcomed a British art

charity which uses music as a tool to help people who have experienced homelessness move forward. Workshops and seminars were held in Kamagasaki, Osaka in collaboration with a Japanese NPO. Also in Osaka, science lectures featuring lively experiments and demonstrations were delivered by a top class speaker from the UK for primary and middle school

Kansai area took part in our schools exchange programme, and a group of British school teachers visited schools in Kyoto to further develop exchange between the two countries.

UK-Japan School Exchange

This year we are continuing to hold various events in and around Osaka, such as get-togethers for our UK Alumni Network. This May, the Director of the British Council, Japan, gave a series of lectures at schools and universities in Kobe, and in October we are planning on holding a Study Abroad Fair in Osaka. Of course, our staff are always on hand to answer enquiries about study in the UK, visas, and life in the UK in general. We also run an English training course in which we dispatch teachers to companies, organisations, and schools, offering customized English programmes to suit all needs. Up to date information can be found on our website and Twitter.

## (5) JICA Desk News

### Introduction to Coordinator for International Cooperation

Hello everyone, my name is Tomoko Nakagawa and since May of this year I have been based at OFIX working as a JICA Osaka Coordinator for International Cooperation. From June 2008 to March 2010 I was a JICA Youth Overseas Cooperation Volunteer. I was based in Gabon, and worked in the field of AIDs treatment awareness. I worked alongside local AIDs awareness staff at an AIDs treatment centre. I assisted in AIDs testing and prevention awareness activities, and cared for patients with the HIV virus.

I originally hail from a small country town in Okayama Prefecture, but worked in Osaka for 4 years prior to heading to Gabon, and love this city very much. I am so happy to have been placed in Osaka, and at OFIX. Please do not hesitate to get

in touch with any enquiries about international cooperation or JICA. I look forward to hearing from you!
