

I -2 In Case of Emergency (Fire, Sudden Illness and Crime)

1. Fire (☎119 • English Available)

In the event of fire, please notify your neighbors immediately. If you find a fire alarm (or emergency bell) inside the building, please press the button immediately. Dial 119, remain calm, and tell them you have discovered the fire and your current location. When fire or smoke spreads rapidly, please evacuate to a safe place immediately.

Examples in Japanese

“Kajidesu. XX(address) no △△(name) desu.”:

“Fire incident. I’m △△(name) at XX(address)”

“XX(address) no △△(name) desuga, tonari ga kaji desu.”:

“I’m △△(name) at XX(address). There is a fire next door.”

2. Sudden Illness & Injury etc. (☎119 • English Available)

When you are ill or injured and unable to go to hospital without assistance, you can call an ambulance by dialing 119. In such cases the telephone and ambulance costs are free, but you are responsible for the medical fee. The ambulance crew judges the best hospital depending on your symptoms, where you are and what time you have called, so they might not be able to take you to your preferred hospital.

If you mistakenly swallow medicine or poison, go to a hospital immediately with the instruction sheet for the substance you have taken, or call an ambulance. If you call “119”, they will advise what to do. (Ambulance Services Guide for inbound visitors to Japan)
